Following are all reports requested by command in relation to the events on Amamake Planet II Pike's Landing – Core Freedom Colony. Some records have been redacted to protect our intelligence sources.

>ROUTE SECNAV MINMITAR OVERSIGHT HEIMATAR REGION<  
>AAR AMAMAKE SYSTEM PIKE'S LANDING<  
>REGUARDS LOSS OF CORE FREEDOM COLONY<

Sir, after reviewing all available information we can not resolve how the core freedom colony was lost. Report of the destruction of a Revelation class Dreadnought are confirmed. A Mordu's Legion Drake class Battlecruiser provided enough support for the planet based stackfire missiles to destroy the Dreadnought. However, it did manage to land a small force, which by all reports, took the colony before the dreadnought hit the planet. Mordu's Legion did manage to evacuate a small group of personel from the colony.
